COMPANY HISTORY

“ Endo Tech Instruments “ is enowed manufacturer in arena making surgical instruments since 1990. This is our family business and we are 2nd generation to provide manufacturing servies. we certainly have the potential to fulfill the requirement from our valued customer.

The president of ENDOTECH Instruments, Dennis R. Scanlan III and his sons, bring with them a lifetime of knowledge about the world of surgical instruments. This insight allows them to better understand the needs of our customers in a way most other instrument companies are unable to do.

BUSINESS ARENA

“ Endo Tech Instruments “ is the growing Medical Instruments Manufacturing Company. We offer to all the customers just let us know your designs, drawing, pictures & ideas to manufacture instruments we have capability to convert your ideas into real instruments

OUR VALUES

Quality consciousness is one of our major concerns as we always keep the quality of our products in our mind as per the requirement of the customer and in doing so we try to deliver the most competitive products. Endo Teach achieves superior client focus by being well aware of all customer requirements and provides them consistently high quality products. We take our commitments with our valued customers very seriously by maintaining our promises regarding the Raw-Material, Product Quality, Lead Time, and Price as the focal point. Our aim is the continuous improvement in the quality of our products, and we are also engaged in R&D to enhance excellent quality products.

OUR MISSION

Our mission is to fulfil the needs of our customers by providing them quality products and to conduct our business activities in a way that our customers, employees and all stakeholders should be uniformly benefited.

QUALITY ASSURANCE MANAGEMENT

We established a separate department called “Quality Assurance Management” who carefully watch all the processes concerning to quality.

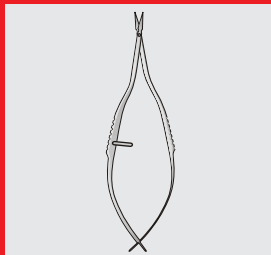

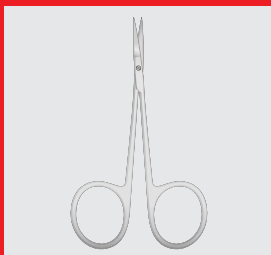

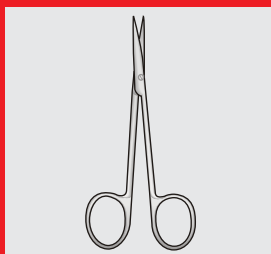

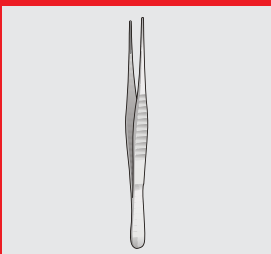

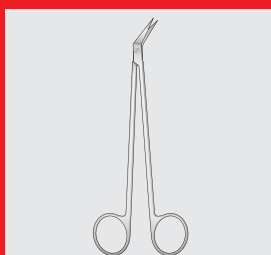

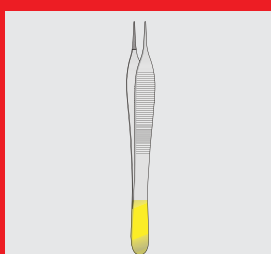

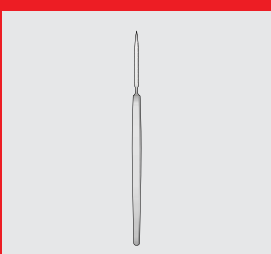

OUR STRATEGY

Our strategy is based on the concepts of Consistency, Continuous Improvement and Superior Product Quality. As we have faith in consistency, we can never compromise in the quality of our products through which we make healthy relationship with our valued customers. Our clients can be very confident that the product quality will not significantly change between one order and the next. At Endo Teach, by our skilled and well experienced labor we produce high quality instruments and we also sincerely work with our clients to be better aware of their needs. Endo Teach believes in superior product quality, and assures its clients that regarding its commitment to provide the highest quality good to its customers for their benefits.

OUR VISION

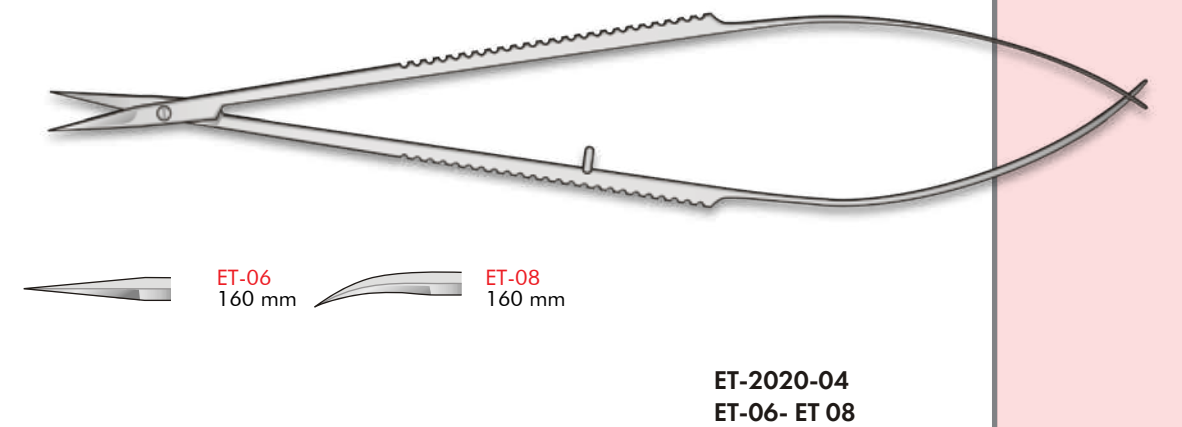

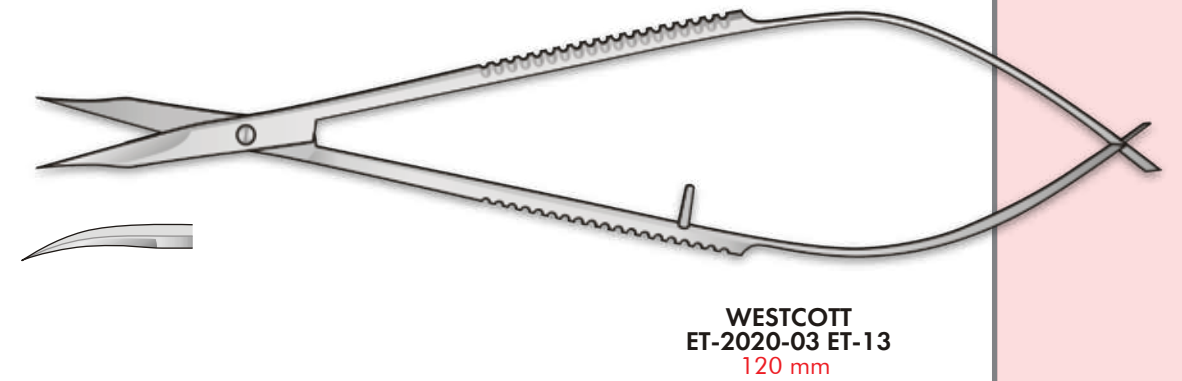

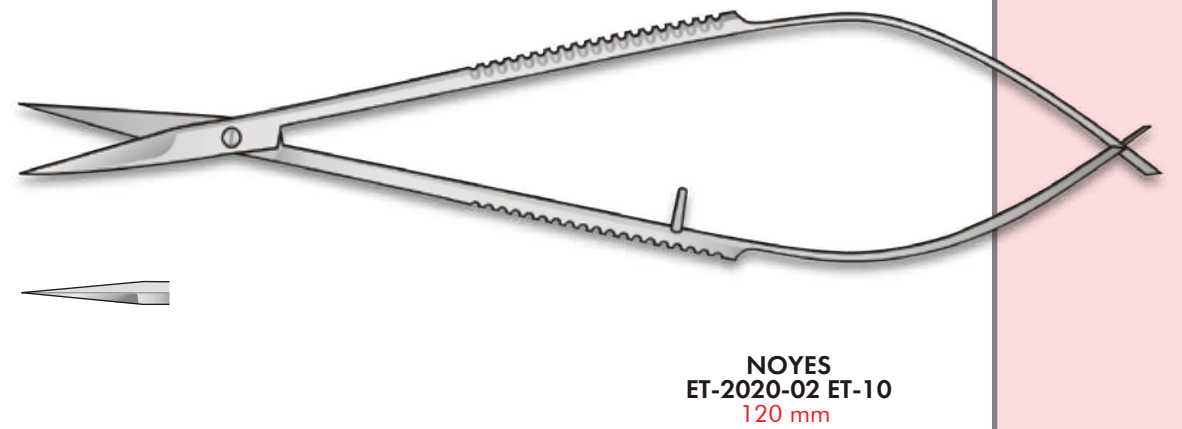

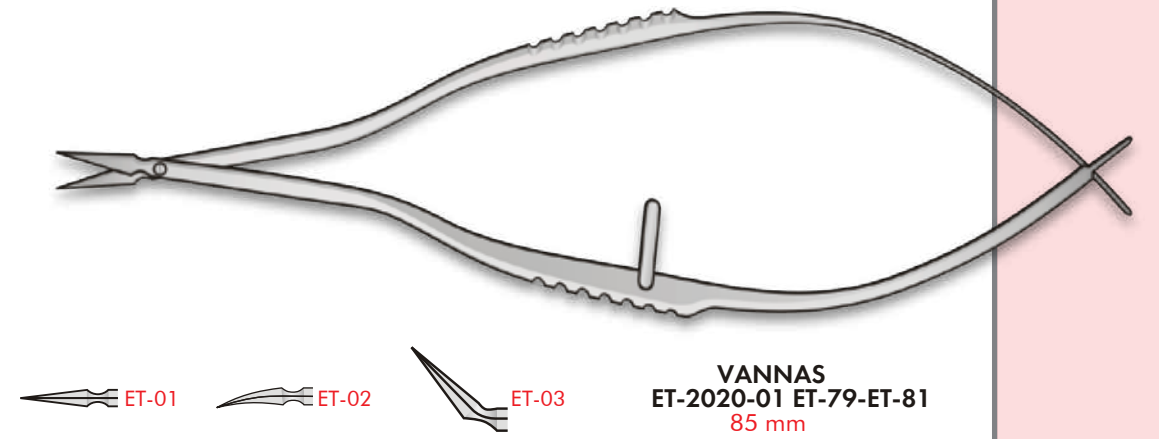

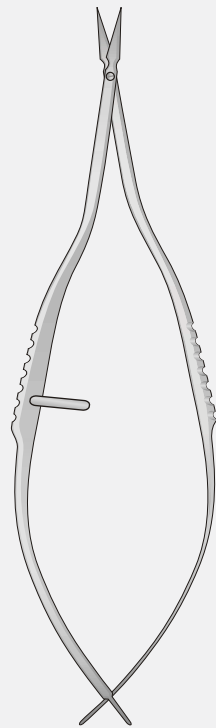

Our vision is to bring Endo Teach as the leading ENT and surgical instruments provider in highly professional way by providing its consumers high quality instruments and by playing an active and important role in market.
